

Survey Committee Minutes

January 23, 2018

The survey committee meeting commenced at 7:30 p.m. Present were Sudhir Shah, Carlos Guzman, Levent Kara, Elizabeth Ross, Steven Hancz, and Rene Fontcha. Present from the public was Harry Ramphel.

The meeting began. Discussed were the two questions that we had agreed on during the past Survey Committee meeting. Discussions on whether to expand the wording of those two questions were discussed. It was decided to keep them as they were the previous meeting.

Also discussed was whether or not we should ask on a separate question whether or not homeowners were in favor of selling the 2.95 acres to a developer in the future for any reason, including the road/paver reconditioning project. Sid responded that the CDD board would not allow this question to be in the survey because it could easily be entertained again should it be necessary by the current or a future CDD board.

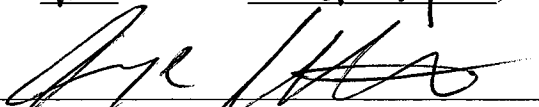

The following discussion included the wording of the paragraphs that would precede the survey questions. These would describe: 1. The new gym, location and cost, 2. The 2.95 acre of land "The Meadows", and 3. What financing of the new gym meant.

We hoped to have a complete survey formatted by the next meeting at which point we would discuss the delivery and counting procedures for the new survey.

The meeting ended at the closure of the clubhouse, 9:00 p.m.
