40 Mr. Burman stated that he has been in contact with Commissioner Hagan's office and, 41 so far, there is no response to the CDD's invitation to the Tax Revenue Commissioner to attend 42 a future Board Meeting. Since a joint CDD/POA meeting is planned for January, it would be 43 wise to extend the invitation to February. Mr. Burman would keep the Board posted as soon as a definitive time is reached. As to whether it would be beneficial to invite residents from 44 45 neighboring communities to that particular meeting, Mr. Adams suggested emailing an invitation to the POA and CDD Boards and inviting 30 or 40 individual leaders of those 46 47 communities, rather than over 200 residents. Ms. Haque suggested placing the Tax Collector's presentation at the beginning of the meeting. 48

49 Mr. Castillo noted that Mr. Woodards was not present at the last meeting nor at 50 tonight's meeting and asked if anyone has spoken to him since. Mr. Adams stated that Mr. 51 Woodwards texted him and was running late; if Mr. Woodwards does not arrive tonight, he 52 would contact Mr. Woodards tomorrow and advise the Board.

In response to Mr. Hancz's questions regarding the removal of bushes at the intersection 60 of St. Croix and Cory Lake Drive, and if it is possible to replace a rover vehicle with an electric 61 car, Mr. Hall stated that he is awaiting proposals for removal of the shrubs and Allied covers the 62 cost of gas for the rover vehicles.

previously discussed issuing fines for speeding as a priority matter. Discussion ensued 138 139 regarding additional items that should be on the agenda, the Thomason's plans for the boat 140 storage facility, the CDD's position, The Meadows, residents' reactions and back taxes. Mr. 141 Burman stated that the location of the storage area has created several problems for the POA, 142 over the years, including break-ins and security issues but he doubted the CDD would want to 143 take on such issues. Mr. Shah felt that the Board should take a wait-and-see attitude regarding 144 the boat storage issue. Ms. Haque suggested inviting both Mr. Gene and Mr. Cory Thomason to 145 the joint POA/CDD meeting. The Board's consensus is to add the boat storage issue to the 146 agenda and, if something additional develops, it can be added at the meeting. Mr. Adams 147 would add as a discussion item: Status of Boat Storage.

Ms. Roya Monfared, a resident and POA Member, stated that the POA cannot alone decide on the boat storage issue, as it is a community issue and both entities are affected by it. Mr. Burman offered to provide the history of the boat storage property. Ms. Haque suggested discussing it at the joint meeting so everyone can hear. Mr. Burman would prepare the history.

- 164 Mr. Castillo felt that the District should allow the SWFWMD to do what it must do.

165 Some residents' pets are destroying CDD property, namely the plantings and flower 166 beds. She asked if the CDD should send a letter to pet owners who were previously warned by

Ms. Darby presented the December 13, 2018 Office Administrator & Events, Graphics &
Community Relations Monthly Report. She highlighted the following items:

233 > The Holiday Boat Parade and Cookies with Santa events were extremely successful.

Discussion ensued regarding sponsors, a recent open event wherein alcohol was served and people stayed beyond the event and enforcing an end time.

In response to Mr. Shah's inquiry regarding the "Building equipment maintenance & repair" line item, in the financials, Mr. Adams stated that Management processed a few invoices from Anthony's of Tampa for cleaning the Beach Club, Clubhouse and the guard shacks, totaling \$2,300, and an Amazon purchase of picnic tables totaling \$1,300.

240 Ms. Darby stated that she recently circulated emails to the Board regarding holiday 241 closure policies for Christmas Eve and New Year's Eve, as the facilities are always closed on 242 Christmas Day and New Year's Day. Two Board Members chose to open the facilities for a half 243 day on December 24 and January 31 and the remaining two chose to close the facilities 244 altogether. Discussion ensued regarding holiday closures, out-of-town guests and relatives, the 245 pool area, the rover, Envera and fingerprint access. The Board's consensus was to activate the 246 "Fingerprint Only" access to the Facilities from 9:00 a.m., to 9:00 p.m., on Christmas Eve, and 247 from 9:00 a.m., to 6:00 p.m., on New Year's Eve and close the facilities on Christmas Day and 248 New Year's Day. A sign would be erected at the Clubhouse door that reads "The Facility is being 249 monitored 24/7."

250 Ms. Haque left the meeting.

#### 251 C. Facilities Manager: John Hall

252 Mr. Hall presented the December 2018 Facilities Manager Activity Report and 253 highlighted the following items:

254 > There were power issues with the Christmas lights on the first night, which were
 255 subsequently solved. Mr. Adams suggested engaging an electrician in the future.

The Board and Staff discussed the pavers, light poles, LED lights, halos, etc. Mr. Castillo asked for an update on the landscaping. Mr. Hall stated, although there is some improvement, he must still point out items that need to be addressed to the crewmen. As to the fitness

#### i. NEXT MEETING DATE: January 17, 2018 at 6:00 P.M.

264 Mr. Adams distributed a summary sheet for the Landscape Activities Plan and stated that the same sheet was previously provided to Mr. Hall and Yellowstone. Everybody signed off 265 on the document, in terms of activities and timing, and it is consistent with the contract. He 266 267 suggested that Mr. Hall utilize the sheet to program some of the activities into his daily 268 calendar, in advance of different landscaping projects. The Board and Staff discussed the 269 summary sheet, altering Yellowstone's contract if they do not provide satisfactory services, 270 fertilizer, turf, re-plantings and the best time for flower rotations. In response to Mr. Castillo's 271 question regarding how much was spent to hard-cut on the crape myrtles, it was noted that the 272 District expended \$1,400. As to how plant replacements around the community were 273 progressing, Mr. Hall stated the project is on time.
