Agenda

Landscape

*Cross Creek Entrance:

*Morris Bridge Entrance:

*Beach Club/Beach Area:

*Trees/Bushes/ flowers: Cut/trim down all plantings so that they look new, young, fresh.

They now look overgrown, gangly, and have leaves only at the top with see through bottoms.

Don't just trim the tops and sides to get rid of new growth. Give each plant a new start.

-KILL the WEEDS in the grass.

-Trim/shape the roses so that they fill in and look consistent instead of gangly and wild.

- Put in replacement plants where large areas of mulch still show throughout the community.

Trim plantings so that individual plants are distinctive, not just a sea of greenery.
