Thank you for inviting **Juniper Landscaping** to present a proposal for tree work at the above referenced property. Our team of professionals is committed to meet your service expectations and budget considerations.

Scope of Work:

Hardwood trees will be pruned as specified in the production plan as required by location and species.

Tree Care: Three (3) cuts will be utilized for removing branches that are too large for one-handed holding. The first cut will be an undercut ¼ to ½ the branch thickness, six to twelve inches from the branch base. A second cut within an inch or two of the first will be made to drop the branch. A final cut will be made at the edge of the branch collar to remove the branch stub. No stubs will be left at the end of the pruning operation.

Style of Cut: After the final cut in lateral branch removal a protuberance is left. The angle of the cut needed to save the branch collar is determined by the natural target pruning. This angle is equal and opposite to the angle of the branch bark ridge when present. When the branch bark ridge is not visible, the angle is determined by the swelling at the branch truck union. The resulting knob or bump, which is called the branch collar, is not a stub that requires a flush cut, but is necessary for continued health of the tree.

MANAGEMENT SUMMARY

Summer may be officially over, but growing season will still be here for a few weeks. Daily temperatures in the 80's and sudden rain events brought on by late season hurricanes will continue to fuel vegetative and algal growth. An array of herbicides and algaecides are always available should rapid growth occur after a large rain event.

This time of year, technicians are extra vigilant of ensuring drainage and outflow structures are free of debris as to not impede function should a storm hit.

Ponds were in mixed condition during today's inspection. Algae and nuisance grasses are minimal and can be easily controlled with regiment of algaecides and herbicides. Submerged vegetation will be a higher priority moving forward. Most notes from technicians mention previously applying treatments for them, thus more product will be ordered to meet requirements.

Water samples were collected from all ponds today. I have taken every precaution to prevent the lab from rejecting them again. I will report back when I have received the microbial analysis.

RECOMMENDATIONS

Continue to treat ponds for algae, administer follow-ups to ponds experiencing extended decay times.

Administer treatments to any nuisance grasses growing along exposed shorelines and within beneficial plants.

Continue to apply treatment to overgrown littoral areas.

Avoid over treating ponds, to prevent fish kills or toxic blooms.

Stay alert for debris items that find their way to the pond's shore.

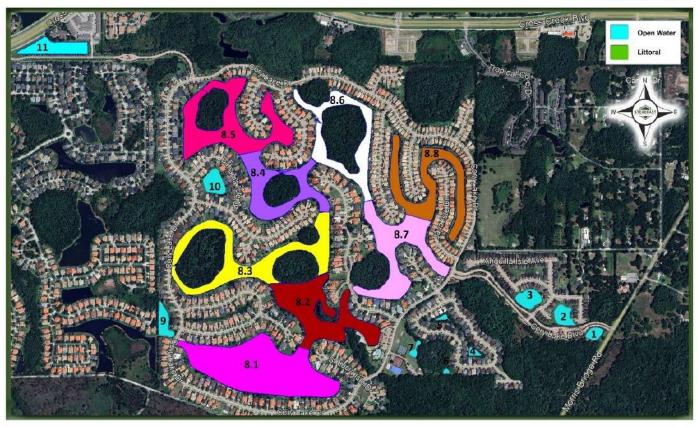

Thank you for choosing Steadfast Environmental!

Natural Buffer Areas Policy Statement

The following is the policy statement of the District as it regards the natural tree protection, wetland and upland buffer areas that are scattered in large numbers throughout the Community. The policy statement is consistent with the policies of other governments including Hillsborough County, and Southwest Florida Water Management District (SWFWMD as it regards their natural, conservation tree protection and wetland conservation/preservation areas:

The natural areas are not intended to be maintained. These areas are to be left untouched to allow for nature to take its normal course. Vegetation that dies, including but not limited to, trees are left to fulfill their role in nature's process. Trees, within or immediately adjacent to these areas, that have died and appear to pose a threat of falling and damaging an abutting property owner's property may be addressed by the abutting property owner after securing permission to remedy the situation from the District and all required permits from all authorities having jurisdiction including Hillsborough County, and SWFWMD.

Such abutting property owner must initially contact the District for permission to address the removal or remediation of the threatening situation and shall then be responsible for any needed permitting or review by Hillsborough County, and SWFWMD. Permitted trimming and/or removal, where warranted, shall be done at the expense of the abutting property owner. The goal is to minimize disturbance to these areas.

In the event that a tree does fall onto another's property, that property owner has the right to cut back or limb the tree as necessary to their individual property line. The rest of the tree is to be left as is. This would also pertain to normal maintenance, which would allow an owner to trim back any encroaching vegetation to their property line. No one is allowed to encroach into the natural areas for any reason, from maintenance to placement of personal property of any kind.

There is no trespassing allowed in all designated wetland conservation and/or mitigation areas located on District property.

Chairman Belyea clarified that the information was included in the August 21, 2025 packet, and changes should apply only to the first seven pages. Mr. Krause acknowledged the parking pass language was in item 37 but had not been approved yet. Supervisor McIntyre pointed out a discrepancy, noting the current website listed stricter parking rules and suggested adding a separate heading for "Parking Restrictions Policy" and placing item 37 under it along with the original restrictions.

Chairman Belyea asked if the Board agreed to create a separate "Parking Restrictions Policy" section. Supervisor Acoff expressed concern about spending too much time on details. Mr. Krause asked whether item 37 should be moved into the new section. Supervisor McIntyre raised a concern about the lack of golf cart language, citing Florida Statute 316.212. Chairman Belyea asked Mr. Krause to search the document for references. Vice Chairman Apple then moved to set an adjournment time of 9:00 PM and to aim to revise pages 8 through 14 by then.

On a MOTION by Mr. Apple, SECONDED by Mr. Acoff, WITH ALL IN FAVOR, the Board approved that the meeting be adjourned at 9:00 PM and that the committee aim to revise pages 8 through 14 of the document, for the Cory Lakes Community Development District.

Chairman Belyea advised that any items not in the current policy should be emailed to Mr. Krause for the next meeting.

Mr. Engle shared his edits to the Beach Club Facilities Rental Policy as a working draft. Vice Chairman Apple objected to removing the term "Patrons," explaining it was a defined, inclusive term. Mr. Engle clarified he used "renters" to match the context. Vice Chairman Apple suggested stating that only patrons could rent, then using "renters" throughout. Chairman Belyea agreed to keep the term.

For item number 1(b) insert the word "all" before "Patrons/guests", for item number two it was agreed allowing requests up to no more than 12 months in advance, with Chairman Belyea reaffirming that payment confirmed the reservation. Supervisor McIntyre stated that item number three should use "Patrons" instead of "renters," and items four and five should say "Patron renters".

It was agreed to add Columbus Day, Juneteenth, Easter, and President's Day to the list of holidays on item six. Chairman Belyea noted that the lists on page 4 and page 8 should be consistent. Mr. Krause clarified that Washington's Birthday should be referred to as President's Day, and July 4th should be listed as Independence Day for clarity and uniformity. The Board decided that the wording of item number seven will be changed to: "The pool and pool deck facilities are not included in this agreement and must be reserved separately."

The Board held a discussion regarding the number of 6-hour rentals permitted per day. It was decided that only one 6-hour rental will be allowed per day. The Board discussed issues with non-exclusive Beach Club use. Chairman Belyea suggested separating it from rentals, while Mr. Engle recommended removing it due to lack of control. Supervisor McIntyre stressed the need for a usage form to prevent conflicts. Supervisor Acoff noted the system might not be effective. The Board agreed clearer policies and possibly a separate tab for beach club usage were needed.

Supervisor McIntyre raised concerns about item eleven, noting insurance requirements. Chairman Belyea proposed tabling the item to review the details thoroughly and asked Mr. Engle to review it as well. Mr. Engle agreed.

For item number fifteen change the reservation for non-profit events to be made in at least 90 days from previously 30 days while for item number sixteen, Mr. Engle suggested forfeiting the full security deposit, noting the need for stronger enforcement. To add verbiage to item number seventeen to specify that the capacity is limited to 100 people for a sit-down dinner event. The Board agreed for all changes.

Continued Regular Meeting, Public Hearing, and Closed Session

Page **4** of **6**

The Board decided that the verbiage will be added to item 18(f) to include a statement prohibiting theft or damage of property, to strike the final phrase "to cover the additional staff time" from item 18(h)(1). Additionally, the entire security deposit will be forfeited if all items on the checklist are not completed prior to departure and is not signed by staff.

The Board approved the removal of item 21(e)(1) that stated "Battery operated candles are allowed." And the additional of verbiage to item twenty-four of "as a result of the patron's event." Chairman Belyea stated that, as decided, the term "patrons" should be used consistently.

Mr. Engle suggested that pool party reservation policies item number 2 must be booked at least seven days in advance and proposed revising item 2(a) to state, "Please contact the District staff at the main office, located in the Beach Club." Chairman Belyea agreed, noting it ensured proper staffing, and the Board agreed.

Chairman Belyea directed that items six and seven should no longer include specific dollar amounts and instead should reference the rental agreement in all instances.

Chairman Belyea suggested that item 10 details be moved to a renter checklist, which is already part of the pool rental process, and not repeated in the policy. Vice Chairman Apple recommended stating that the return of the deposit is contingent upon completing the checklist, signed by District staff. Chairman Belyea agreed and confirmed that items a through g would be removed.

Supervisor Acoff stated that item number thirteen sentence one should be "No food or beverages in the pool." Vice Chairman Apple added that "No glass of any kind should be allowed." For item number fifteen it should be "Alcohol may not be consumed at the pool". The Board concurred.

The Board agreed to completely remove item number eighteen, accept the changes in item number nineteen to "No grilling or fires are allowed", and

On a MOTION by Ms. Belyea, SECONDED by Mr. Aliaga, WITH Ms. McIntyre VOTING NAY, the Board approved **that no loud music can be played,** for the Cory Lakes Community Development District.

Supervisor Acoff requested that staff look into the cost of setting up the necessary system for music in the pool, including Wi-Fi or any required components, and report back to the Board.

On a MOTION by Ms. Belyea, SECONDED by Ms. McIntyre, WITH ALL IN FAVOR, the Board approved that the District Engineer get quotes for sound system in the pool, for the Cory Lakes Community Development District.

For item number twenty-one change 18 to 14 and remove item 22(a).

Chairman Belyea pointed out that previous documents stated all children under age 14 must be supervised, implying that 14-year-olds could use the pool without adult supervision. She then questioned whether a 14-year-old should be allowed to bring a guest, asking for clarification on line item two under General Policies for Swimming Pool and Water Slide. Supervisor Acoff expressed frustration with overly strict guest limits, stating it was unreasonable to micromanage residents who pay thousands in taxes each year by allowing them only one guest.

On a MOTION by Mr. Apple, SECONDED by Ms. McIntyre, WITH BOTH Mr. Apple and Ms. McIntyre WITHDRAWING THE MOTION, the motion failed to approved the change for item number two in General Policies for Swimming Pool and Water Slide that a Patron aged 14 to 18 may bring 1 guest (or 2 guests per household) per day and Patrons over 18 may bring 2 guests (or 4 guests per household) per day, for the Cory Lakes Community Development District.

Vice Chairman made a new motion.

On a MOTION by Mr. Apple, WITH NO SECONDED, the motion failed to approved the change for item number two in General Policies for Swimming Pool and Water Slide that a Patron aged 14 to 18 may bring no more than 1 guest (or 4 guests per household) per day and Patrons over 18 may bring no more than 2 guests (or 4 guests per household) per day, for the Cory Lakes Community Development District.

Supervisor McIntyre made a new motion.

On a MOTION by Ms. McIntyre, SECONDED by Mr. Apple, WITH ALL IN FAVOR, the Board approved the change for item number two in General Policies for Swimming Pool and Water Slide that a Patron aged 14 to 18 may bring 1 guest per day and Patrons 18 and older may bring up to 2 guests per day, for a maximum of four guests per household per day, for the Cory Lakes Community Development District.

The Board discussed and agreed to remove item number three and four. The Board approved revisions to item number seven by removing the words "not" and "area", while item 7(a) will be completely eliminated. On item number eight add the word "area" at the end of the sentence. Replace item nine entirely by item 9(a). Add lap lanes to the list on item fourteen.

The Board discussed Item Number Twenty-One and agreed to replace it with the existing Cory Lake Isles policy found online on page 15 regarding the Aquatic Toy and Recreational Flotation Device Policy. As part of the discussion, the Board agreed to include additional language stating that no flotation devices are allowed. For Item 21(c), the Board decided to retain with the exception of removing the phrase "and water toys for organized special events previously approved by the District" and adding that no air mattresses are permitted.

The Board discussed and agreed to add water slide on item twenty-five, remove items 26(a-d), remove item number thirty, on item number thirty-one remove "rain is falling" and replaced with "lightning is detected within 10 miles", remove item number thirty-three, thirty-seven and thirty-nine, and for item number 38(b) remove the word "or hang".

Under Water Slide Policies, Supervisor Acoff mentioned that when his grandchildren were younger, he was unable to go down the slide with them and had to use a different one. After discussion, the Board agreed to revise Item Number Three to state: "Parents may slide with young children.", and remove item number six and seven

The Board reviewed the Feces Policy for the Swimming Pool and agreed to revise item number one by removing the phrase "for 24 hours" and replacing it with "and decontaminated." Additionally, the Board agreed that item number two will be removed entirely.

The Board reviewed the Fitness Center Policies and agreed to remove item number three. Additionally, the Board agreed to revise item number five to read: "Guests are allowed if accompanied by a Patron."

The Board reviewed the General Policies for Sport Facilities and agreed to completely remove items two, sixteen, and seventeen. Additionally, the Board agreed to revise item number ten by removing the word "tennis."

Lastly, the Board agreed to add item number thirty-eight under General Provisions, stating: "Outdoor Sport Facilities and amenities are used at own risk."

The following is a summary of the discussions and actions taken at the September 18, 2025 Cory Lakes CDD Board of Supervisors Regular Meeting, and Closed Session.

SECOND ORDER OF BUSINESS - Audience Comments - (limited to 3 minutes per individual on agenda items)

Mr. Pernod had suggested the Board post clear rules for clubhouse use during open hours, similar to the pool house. He believed noise should be minimized out of respect for others and shared concerns about disturbances. He had criticized the manager's response that residents could do as they pleased. Chairman Belyea had clarified that without an exclusive reservation; such use was allowed.

Mr. Ramphall had thanked the Board, noting it had been a tough year for Security due to staff changes. He had suggested giving the company one more year to improve, with the option for the Board to find a new company next year.

Ms. Ali had reported not receiving her 2023 clubhouse deposit check. She said both rental and deposit checks were cashed. Mr. Engle confirmed the check was not on site. Chairman Belyea advised her to bring a record of the check to Mr. Engle, and the Board would be more than happy to have it reimbursed.

Chairman Belyea noted that supervisor comments were removed from the agenda to save time. Supervisor Acoff clarified that the change was not approved by the Board. The Board agreed that supervisor comments should remain on the agenda.

Supervisor Aliaga had raised a concern about a security guard placing a sticker on Mr. Ramphall's car while they were present late at night. He had stated the guard should have asked who parked there before taking action and reminded that residents deserved respectful communication.

THIRD ORDER OF BUSINESS – Vendor Updates

A. District Engineer: Johnson Engineering, Inc.

Mr. Reed had reported an investigation into a possible drainage pipe leak on Cachet Isle, with a video inspection and repair estimate in progress. Supervisor Acoff had stressed the need for timely action to know if the District was responsible. Mr. Babbar had clarified that SWFWMD did not require a land swap and believed the resident misunderstood or misrepresented the issue. He also confirmed the District was accommodating existing encroachments. Mr. Reed had noted that some drainage appeared homeowner-installed. Chairman Belyea had emphasized keeping communication open with SWFWMD.

Mr. Reed had shared that a Versa Court representative would provide specifications for the volleyball court next Tuesday to help create the project scope. Regarding the Weirs, Supervisor Acoff had requested confirmation of the staging date and community notice to avoid issues with parked cars. Mr. Engle had confirmed a previous notice was sent and would ensure follow-up. Supervisor Acoff had also requested time tracking for Cachet Isle work to ensure the District could bill the homeowner, and emphasized the need for clear invoicing procedures.

B. Envera

No representative from Envera was present at the meeting, despite a prior commitment to attend. Vice Chairman Apple had suggested elevating the issue to Envera. Chairman Belyea had responded that the District should replace them and cancel the contract. Supervisor Acoff had added that expressing the District's displeasure could help build a case. Vice Chairman Apple would draft a letter with Mr. Krause to send to Envera.

C. JCS Investigation

Ms. Marshall reported ongoing daily crashes with Envera's system, affecting gate operations. Parking enforcement is working well, with violations down and only two habitual offenders towed. Ms. Marshall suggested a mass email to clarify Envera and JCS roles and remind residents of parking rules. The Board agreed to send the email.

Ms. Marshall noted outdated evacuation rules were causing confusion, but new signage clarifies only the pool is to be evacuated. With pool season ending, she suggested repurposing the noon to 8:00 p.m. pool rover to a 10:00 a.m. to 6:00 p.m. daytime rover, especially to cover weekend issues like solicitors and court complaints. The Board agreed this coverage is needed, discussed reallocating previously budgeted funds, and requested a proposal for 56 hours/week of rover coverage.

The Board discussed adding rover coverage between September and May, with Ms. Marshall estimating 728 hours needed, costing \$16,016 at \$22/hour or \$14,560 at \$20/hour.

On a MOTION by Ms. Belyea, WITH NO SECOND, Ms. Belyea WITHRAW the motion, for JCS Roving Security Services for a period of 60 days, and a report shall be presented to the Board at the conclusion of the 60-day period, for the Cory Lakes Community Development District.

Supervisor Acoff questioned the necessity and expectations of the rover, and Ms. Marshall noted 50–100 weekly calls during that time. Vice Chairman Apple proposed a 60-day trial, which the Board supported, with Supervisor McIntyre suggesting weekend and holiday focus. Supervisor Aliaga requested performance data to assess effectiveness.

On a MOTION by Ms. Belyea, SECONDED by Mr. Acoff, WITH ALL IN FAVOR, the Board accepted JCS Roving Security Services for a trial period of 60 days, operating from 10:00 a.m. to 6:00 p.m., seven days a week. A final report evaluating the effectiveness of the service shall be presented to the Board at the conclusion of the 60-day period, covering the months of October and November starting October 1, 2025 in the amount of \$20.00/hr, for the Cory Lakes Community Development District.

Ms. Marshall explained that security could not confront individual residents about parking due to conflict of interest and fairness, if they do it for one, they should do it for all. Complaints about residency verification at amenities have caused pushback, but verifying IDs is part of updated policies. Mr. Sakellarides raised concerns about handling violations like unauthorized alcohol use at events; the Board agreed to issue written warnings for first offenses and possible suspensions for repeat violations. They emphasized consistent, fair enforcement, and decided to have Mr. Krause reach out to Mr. Babbar to draft standard multi-purpose letters: one for warnings and another for suspensions.

D. Juniper

1. Exhibit 1: Consideration/Approval of Edging Installation around Peanut - \$480.08

Chairman Belyea noted Mr. Small's absence but mentioned he submitted a proposal which Supervisor Acoff disagreed with due to lack of clarity. Complaints about the Morris Bridge entrance's appearance especially the white stones and orange safety markers were discussed with suggestions for pressure washing and better edging. The Board agreed to table Mr. Small's report until he could attend and present emphasizing the need for a full inspection report. Mr. Engle confirmed a facility walkaround is planned before the next meeting with the report expected in October.

E. Exhibit 2: Steadfast – Waterway Inspection Report conducted on 09/09/25

Chairman Belyea noted no one is present from Steadfast. Supervisor Acoff raised concern about pool rating dropping from good to poor and requested a follow-up. Mr. Engle said comments are included but Supervisor Acoff wants to ensure there's no lingering issue that could lead to a large bill and requested Mr. Engle to reach out to Steadfast to attend the next meeting.

FOURTH ORDER OF BUSINESS – POA Reports

Mr. Tatem shared that the POA is updating its Design Review Manual and covenants, and requested collaboration with the CDD to ensure alignment. He also suggested a joint meeting in November to clarify roles and address resident questions. The Board discussed options, including combining the meeting with the regular CDD session or holding a standalone workshop. However, it was ultimately agreed that a combined meeting is not necessary. The CDD and POA could collaborate on creating and distributing an updated informational document outlining each entity's responsibilities.

Chairman Belyea raised concerns about lake debris and abandoned floating docks. Mr. Tatem explained that the POA is trying to access the lake but lacks a reliable boat. While some residents offered help, availability has been limited. Supervisor Acoff reminded the Board that the CDD owns a John boat, though its condition is uncertain. Mr. Engle and Mr. Krause noted the boat might need repairs and hasn't been operational. The Board agreed that the POA is still responsible for lake inspections regardless of CDD support. Mr. Tatem clarified he needs confirmation on the boat's viability. The Board authorized Mr. Engle to inspect the CDD boat and determine if it can be made seaworthy.

Vice Chairman Apple asked for an update on short-term rental enforcement. Mr. Tatem reported that violations are being issued, with three homes currently under scrutiny. He emphasized that most leads come from resident observations and encouraged the community to report suspicious activity. Guest entry data has been helpful, but proving rentals versus house guests remains difficult. Separately, Chairman Belyea stated that the POA could begin using the CDD boat immediately if Mr. Engle deems it seaworthy.

FIFTH ORDER OF BUSINESS – Financial Items

- A. Exhibit 3: Consideration/Acceptance of August 2025 Unaudited Financial Statements
- 1. Variance Report

Supervisor McIntyre asked about the \$774,464.87 budget balance. Vice Chairman Apple clarified it's the result of subtracting current expenditures from the budget and includes \$350,000 for the weirs. He noted an accounting error where expenditures weren't shown as negatives in line item 25, skewing the totals. Supervisor

Acoff expressed concern about the cash flow dropping from \$190,000 to \$46,000 and requested a clear list of unpaid invoices. Mr. Krause said some invoices might still be pending and would follow up. Chairman Belyea asked for a running spreadsheet of both paid and unpaid invoices moving forward. Mr. Engle said vendors often don't get timely payments due to poor communication and mislabeling of invoices. Supervisor McIntyre asked if vendors are complaining, and Mr. Engle confirmed they are. Staff would work on improving communication and tracking to avoid further delays.

Chairman Belyea suggested vendors should receive confirmation and payment timelines for submitted invoices. Mr. Engle gets initial receipt notices but no updates, prompting a call for better communication from Kai. Mr. Krause noted vendors should be paid within 45 days by law, regardless of their terms, and acknowledged the system needs improvement. Vice Chairman Apple stressed vendors should know this upfront. The Board agreed unpaid invoices should be reflected in financial reports, and Supervisor McIntyre recommended Mr. Engle and Mr. Krause develop an SOP. Vice Chairman Apple confirmed he reviewed and verified all bank account balances, and the Board agreed to accept financials with corrections.

On a MOTION by Ms. Belyea, SECONDED by Mr. Apple, WITH ALL IN FAVOR, the Board accepted the **August 2025 Unaudited Financial Statements with the changes noted by Mr. Apple on line 25**, for the Cory Lakes Community Development District.

Mr. Acoff requested that Ms. Robertson attend the upcoming Board meeting in person on October 16, 2025.

SIXTH ORDER OF BUSINESS – Business Items

A. Exhibit 4: Discussion: 2025 Reserve Study – *This item was brought back from the last meeting*.

The Board discussed the reserve study, noting it's been on the agenda multiple times without resolution. Chairman Belyea and Supervisor McIntyre pointed out inaccuracies, including completed projects listed as pending, and a recommendation to replace a roof that already exists. Supervisor Acoff emphasized the study should reflect current conditions. The Board agreed the consultant should return, physically inspect the site, and not rely solely on records. Mr. Krause said he would verify the original scope and contact the consultant to update the report. Board members were invited to email any specific items they've identified to Mr. Krause.

B. Exhibit 5: Discussion: Emergency Action Plan – Hurricane Emergency Response and Recovery – *This item was brought back from the last meeting.*

It was agreed that the Board's comments would be sent to Mr. Engle by October 9, 2025.

SEVENTH ORDER OF BUSINESS – Approval of Minutes

- A. Regular Meeting, Public Hearing, & Closed Session: August 21, 2025
 - 1. Exhibit 6: Summary of Motions
 - 2. Exhibit 7: Meeting Minutes

Supervisor McIntyre requested correcting line 115 to "Mr. Bonney with Complete IT" and noted that line 263 should clarify if a majority of supervisors agreed, emphasizing the need for meeting minutes to reflect consensus. Supervisor Acoff asked for an addition noting that he were elected by residents, and added he ran unopposed, which should also be included. Chairman Belyea and Mr. Krause reviewed line 40, agreeing the wording was unclear, especially regarding a misplaced comma. Lastly, Supervisor Acoff noted that line 371 should read "gate" instead of "gave."

- On a MOTION by Ms. Belyea, SECONDED by Ms. Mcintyre, WITH ALL IN FAVOR, the Board approved the August 21, 2025, Regular Meeting, Public Hearing & Closed Session Minutes with changes as
- amended, for the Cory Lakes Community Development District.

EIGHTH ORDER OF BUSINESS – Staff Reports

- A. District Counsel: Straley Robin Vericker, P.A.
- 182 1. Update: 17923 Cachet Isle

Mr. Krause had asked about voting on policy revisions. Mr. Babbar had advised using motions for clarity and adopting the final version by resolution. He had confirmed a public hearing was only needed if fees were changed. Supervisor McIntyre had noted fees were removed from the policy, and Mr. Babbar had explained that any future fee changes should be adopted by resolution at a public hearing, which could be held during a regular meeting.

B. Facility Manager

1. Exhibit 10: August 2025 Report

Mr. Engle presented updated Envera replacement options from five vendors, highlighting Complete IT's comprehensive proposal, which covers and exceeds current services. Chairman Belyea and Supervisor McIntyre questioned contract terms and compatibility, with clarification that Complete IT offers all services directly without subcontracting. Complete IT confirmed features like guest and resident tracking, enhanced camera systems, audio monitoring with signage, Wi-Fi at courts, and integrated gate controls. They also addressed transition logistics, stating installation would take 2–3 weeks and recommending security coverage during the switchover. Supervisors emphasized the importance of accurate reporting, emergency planning, and minimizing disruption, while Complete IT assured system flexibility, equipment ownership, and access to detailed reporting tools.

Mr. Engle noted a decision on the Envera replacement is needed soon. Supervisor Acoff said funding should be confirmed first. Chairman Belyea suggested tabling the item until October for review and a vote. Supervisor Acoff clarified funds would come from FY 2025 carryover, available in December. Mr. Krause said final numbers might not be ready by the October 16, 2025 meeting, with more clarity expected in November. The Board agreed to move forward in principle and confirmed \$66,912 is budgeted under "contractual virtual guard" for FY 2026.

2. Consideration/Approval of Proposals for Replacement of Pool House AC Units:

Mr. Engle presented HVAC replacement options, recommending Strategic Air Conditioning, which offered a full system replacement, including AC unit, ductwork, electrical, and drywall for \$15,525.00. He also proposed a preventive maintenance plan for all AC units (clubhouse, fitness center, pool house, and guard booths), pending a final quote from Strategic Air Conditioning while Florida Heating & Cooling maintenance plan is \$2,864.26 annually. Mr. Engle requested Board approval for the replacement and maintenance, noting the current system has been down for over a month.

- a. Exhibit 11: Air Masters \$29,642.00
- i. Exhibit 12: Preventive Maintenance Agreement (No Ice Maker) \$4,800.00/yr
 - Additional Cost for Twice a Year Maintenance on Ice Maker \$1,072.00/yr
 - b. Exhibit 13: Alvarez \$30,960.00
 - c. Exhibit 14: Strategic Split System (without ceiling repairs) \$10,850.00

Page 109/160 Page **6** of **8**

On a MOTION by Ms. Belyea, SECONDED by Ms. McIntyre, WITH ALL IN FAVOR, the Board approved the Proposal from Strategic Air Conditioning to install HVAC unit and additionally giving authorization to get the electrical and drywall in the total amount of \$15,525.00, for the Cory Lakes Community Development District.

Chairman Belyea motioned to proceed with placing all AC units under a maintenance contract, not to exceed \$2,864.00, pending a potentially lower quote from Strategic Air Conditioning. Mr. Engle confirmed the final amount may come in lower.

On a MOTION by Ms. Belyea, SECONDED by Ms. McIntyre, WITH ALL IN FAVOR, the Board approved to proceed with placing all air conditioning units under a maintenance contract, pending the receipt of a potentially lower quote from Strategic Air Conditioning in the amount not to exceed \$2,864.00, for the Cory Lakes Community Development District.

3. Exhibit 15: Consideration/Approval of Proposal for Installation of Existing Gates to New Location – Gate Tech - \$2,010.36

Mr. Engle reported that the cost for the posts, chain, locks, and signage for the amenities area is just under \$1,000. Additionally, relocating the gate to a new position would cost \$2,010.36.

On a MOTION by Ms. McIntyre, SECONDED by Mr. Apple, WITH ALL IN FAVOR, the Board approved the **proposal from Gate Tech for Installation of Existing Gates to New Location in the amount of 2,010.36,** for the Cory Lakes Community Development District.

Mr. Engle stated that the volleyball court remains on the list. Charles Reed's quote is still around \$7,000 with Versa Court, but despite multiple requests, the scope of work has not yet been provided. They are scheduled to be on-site Tuesday. Meanwhile, there's another quote available for \$5,400.00.

On a MOTION by Mr. Acoff, SECONDED by Ms. McIntyre, WITH ALL IN FAVOR, the Board approved the proposal from RyCo Enterprises, Inc. for Volleyball Court in the amount of \$5,400.00, for the Cory Lakes Community Development District.

- 4. Exhibit 16: Consideration/Approval of Proposal for Sidewalk Trip Hazard Removal Precision
 - a. Exhibit 17: Addendum 1 \$52,445.00 to \$55,067.00

Mr. Engle noted that the Precision Sidewalk Repair item is outdated, as Roadway Concepts already performed some repairs. He had asked Precision to provide an updated quote based on current sidewalk conditions. Supervisor McIntyre asked for confirmation on where a recent injury occurred due to uneven pavement, noting the need to prioritize repairs in that area. Vice Chairman Apple and Supervisor Acoff raised concerns about incomplete repairs and lack of communication from the insurance carrier when claims are filed. The Board discussed the need for clarity on how claims are reported and handled within the community.

Mr. Engle asked whether Board approval is needed each time pool hours change with seasonal daylight shifts. Chairman Belyea said no, suggesting staff coordinate directly with JCS and post updated signage as needed. Mr. Engle confirmed there are pre-made signs in storage for different seasons that could be swapped out accordingly.

On a MOTION by Ms. McIntyre, SECONDED by Mr. Acoff, WITH ALL IN FAVOR, the Board approved to have Mr. Engle coordinate with Security Staff to update the pool signage and notify the community at least one week prior to the change of pool hours, for the Cory Lakes Community Development District.

Mr. Engle asked if the same vendor should be used for the Fall Festival; the Board left it up to him. Supervisor McIntyre noted events need Board approval and expressed concern about the low turnout at past Fall Festivals and suggested reworking the event to make it more engaging and cost-effective, possibly with more community involvement.

Mr. Engle reported that Elite Pavers is scheduled to begin the originally approved \$160,983.66 project in early December. Materials have been purchased and permitting has started. An additional proposal to replace the Cross Creek entrance roadway was discussed, using 60mm pavers for repairs until full 80mm replacement could be done. The Board agreed the safest and most efficient approach is to fully shut down the Cross Creek entrance for 7–8 days during the work.

Supervisor McIntyre stated that the Boardwalk needs to be painted. Mr. Engle responded that he has already placed an order for the paint.

Mr. Engle asked if the Board wanted to continue with the original \$160,983.66 plan to install 80mm pavers throughout Cross Creek and Cory Lake Drive, or revise it. The Board agreed to use 80mm pavers only at the Cross Creek, and to use 60mm pavers for Cory Lake Drive. This approach would cost additional \$53,380.75.

On a MOTION by Ms. McIntyre, SECONDED by Mr. Acoff, WITH ALL IN FAVOR, the Board approved to use 80mm pavers at the Cross Creek and 60mm pavers for Cory Lake Drive, with an additional cost of \$53,380.75 to the initial amount of \$160,983.66, for the Cory Lakes Community Development District.

Vice Chairman Apple noted that there are multiple lights out around the community. Mr. Engle responded that he has already contacted TECO and is waiting on them to address nine reported outages.

Supervisor McIntyre asked about the furniture return. Mr. Engle said it should be back 4–6 weeks from the pick-up date. Chairman Belyea suggested donating the old furniture, but Mr. Krause said the Board should first determine its value and complete an asset disposal log if donating, selling, or discarding it.

TENTH ORDER OF BUSINESS – Supervisors Requests

Supervisor McIntyre raised concerns about the current Board seating arrangement, preferring the traditional setup where members face residents directly. Chairman Belyea explained that different layouts are being tested to improve sound quality for online participants. McIntyre emphasized the importance of transparency, suggesting all Board members sit in a row. The Board agreed no final decision has been made, and configurations are still being evaluated but agreed to keep the current setup for the next meeting.

Our Painting Process

ENOS EXECUTÍVE **PAINTING**

Pressure Washing

Our main objective while pressure washing is to eliminate mildew, chalking, and loose paint from the surface. We also pressure wash 2" below the ground level using a rotary tip to ensure water proofing and coverage to the entire exterior.

Ensuring Surface Quality

We do a complimentary inspection of the exterior and will notify you of any concerns that should be addressed prior to painting. Wood surfaces are prepared by sanding, scraping, spot priming, and filling holes. Rust areas are treated by sanding, grinding, and a Rustoleum application.

Protecting Your Landscape and Home

Non-painted surfaces such as landscape, floors, and windows are covered and protected.

Sealing Stucco Cracks

We apply an elastomeric textured patch to stucco cracks to ensure that they are not visible once the painting is completed. Additionally, caulking is applied around every window and door surroud to further enhance the appearance and durability of the stucco.

High Quality Self Priming Paint

Using a high quality self priming paint is applied to the proper mil thickness of the manufacturers requirements. This helps to achieve the overall desired results.

Trained Painting Techniques

When applying the paint we use a sprayer in a left to right motion and a back roller to paint vertically. This technique is used to guarantee that the paint is evenly distributed and properly covers the intended surface.

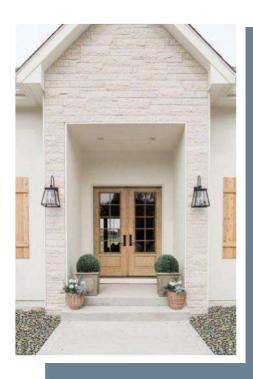

Ask the right questions

When looking for a company to paint your home, it is important to compare the products being used and the quality of service provided. Asking the right questions can help you make an informed decision.

- Q Do they ensure quality pressure washing to remove mildew and chalking prior to painting and offer a high quality self priming paint?
- Q Do they shovel back the mulch/rocks and pressure wash below ground level around the perimeter to ensure a completed paint job?
- Q Do they caulk around all windows and door surrounds?
- Q Do they fill all cracks with textured stucco patch?
